Spirit of St. Vincent de Paul

Vincent had connections with French royalty and recruited ladies among the nobility to assist:

“Put off your jewels and fine clothing. Visit the poor and treat them openly and respectfully as persons of quality, avoiding all stiffness. To send money is good but we have not really begun to serve the poor until we visit them.”

“The lady visitor will serve her patient with as much love as if she were waiting on her own son, nay rather, on God Himself.”

Logic Model used to measure our effectiveness: short term and long term outcomes after 2 years

Goals and Outcomes of PST

Demonstrate love: people will ask how you do your job; you have the opportunity to speak of faith “have to win hearts”

Child Protection Workers speaking with clients about faith walk and PST talking with staff about faith journey

PST members can be a bridge (bottom to top in the organization) to practice “spiritual beings”
Where We Are Going?

- Growing: more members added
- More visibility: PC visiting the branches in Fall 2009, Staff newsletter,
- Focus on Change: re-structuring due to deficits; welcoming committee, booklet with area facilities; sub-committee to collect resources on coping with change
- Prayer 1x a week during lunch hour at branch
- Music group formed after Beatles lunch and learn.

Challenges

1. Mass during Social Work week; not inclusive of all faiths: we are a working community, not a worshipping community
2. Budget and Time Limitations: e.g. Spiritual care packages for youth, visual aids
3. Secularism: Happy Holiday vs. Merry Christmas: naming and celebrating our diversity
4. How do we live out our faith and values during difficult times e.g. an apprehension or changes in staffing.
5. Religion/Spirituality are uncomfortable to discuss in the workplace – survey of team; if staff cannot discuss it amongst ourselves, how can we raise it with our clients?
6. Catholic identity – symbols lead to core values – what symbols does CCAS have visible – values underlying these and how we live them out – what motivates staff
